Note that Preliminary Amendment filed on January 12, 2001 was not screened where applicant claimed priority for us application No. 09/313,385 in the first sentence of the specification and the examiner added us Patent No. for us application No. 09/313,385. The rejections were made after consulting with 1600 Biotech Specialist Brian Stanton and SPT 637 Gary Benzon. Primary Examiner, Ethan Lisevan suggests ~~that~~ that the examiner do not make 102/103 rejections.
